EDWIN P. ROBINSON, D. D. S.,
12 HIGH STREET,
NEWPORT, RHODE ISLAND.

Oct. 20. 1911

Dear Mr. Wood;

Enclosed is a letter which may interest you (please return at your leisure). I think the Mass-Stilling was mentioned while you were here as being a fine one which I sold Mr. Chapman, I purchased it of Spink.

I have written Mrs Baldwin enquiring about the other casts. I wished to find if Mr. Sellman was right in attributing them to Indian Origin.

I may have told you that for some time past the dealers have continued to send me lots of coins on approval and as I have not yet got tired of it they continue to come several lots since you left. They are an education and pleasure and keep me from stagnating and there is great excitement when there are specimens I wish to keep and feel the necessity of resisting. That is

the climax of the excitement.

I enjoyed your visit very much

& come again.

I letter yesterday from Mr. Hudson Chapman says he has brought over a lot of Greek coins and would like to have me see them in Phila, or he will send me an assortment. I shall write in my answer for I fear he would be disappointed.

Sincerely yours

E. P. Dawson.
